NEW MILLENNIUM SCHOOL

The New Millennium School was founded in 1999, under the auspices of the Sree Saraswathi Education Trust, a registered body. It is a recognized, private, unaided, educational institution. It is a linguistic minority Malayalee Trust.

The medium of instruction is English. The School is affiliated to the Council for the Indian School Certificate Examination, New Delhi and pupils are prepared for the Indian Certificate of Secondary Education Examination conducted by the Council. The School academic year is from June to April.

The aim of the School is to impart holistic education, which would result in the mental, physical and moral growth of its pupils. The School endeavours to inspire its students towards moral integrity and character development, giving them sufficient resources to sustain them throughout life. The foundation laid here and the training imparted ensures that every "Alumnus" will prove his/ her usefulness to society, living a life to do his/her "Alma mater" proud.

Admission is open to boys and girls, irrespective of caste, community or religion. Classes are conducted in well – ventilated and spacious classrooms. The School has well equipped Physics, Chemistry, Biology Laboratories and a Geography Room. It has a state – of the – art, Computer Laboratory, an informative Library and an A.V. Room. Interactive White Boards are used as teaching aids and are a tool for effective learning. We also boast of a large playground for games and sports.

Emphasis is laid on co-curricular activities like Debates, Dramatics, Music, Computer Programming, Sports, Games and Club activities. These activities enable the pupils to enhance their knowledge and display their latent potential.

The "House System" is in vogue. There are four Houses – Emerald (Green), Ruby (Red), Topaz (Yellow) and Sapphire (Blue).
